

How many of these habitat clues can you find.  
Tally the number in the box next to the picture.

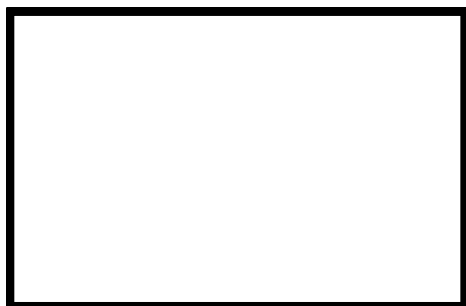

**Example:**

Water

Food/Water

A Place to  
Raise Babies

Shelter

# Habitat Journal

Use this journal to explore habitats at the Arboretum.  
Habitats is a place with a source of food and water, a place  
to raise babies, and shelter.

Name: \_\_\_\_\_

## FOOD & WATER

Use the space below to draw or write any clues you see that tell you an animal might eat or drink here:

*Example: A chewed leaf, water droplets on a leaf.*

## Ask yourself:

"What does this habitat **remind** me of?"

Write or draw your answers below:

## A PLACE TO RAISE BABIES

Use the space below to draw or write any clues you see that tell you animals might raise babies here:

*Example: a nest*

**Ask yourself:**

"What do I **notice** about this habitat?"

Write or draw your answers below:

## **SHELTER**

Use the space below to draw or write any clues you see that tell you animals might hide, rest, or live in a shelter here:

*Example: a hole in the ground.*

## **Ask yourself:**

"What do I **wonder** about this habitat?"

Write or draw your questions below:
