

The LA County Department of Parks and Recreation has updated their business practices to develop a new Memorandum of Agreement (MOA) process that will be required for any and all use of County Parks & Recreation sites by schools. Because The Arboretum is a County Parks & Recreation site, we are required to adhere to this policy and thereby currently only able to accept field trip reservations from schools/districts that have an executed MOA on file with the County.

An MOA must be approved through the Planning and Development Agency (PND) before any school use can be provided in County parks. Once the MOA is in place, then the school may schedule field trips at County Parks & Recreation sites.

The Arboretum is not involved with the MOA application or approval process. If your school/district is not listed below, it does not have a signed MOA with the County and therefore we are required to decline your field trip request. We encourage all schools/districts not listed below to contact their administration and request they begin the County MOA process as soon as possible. For information on how to proceed with this process, please click on the [MOA FREQUENTLY ASKED QUESTIONS PAGE](#) where you will find information on who to contact and how to apply.
